

At this year's 3daysofdesign, we pay tribute to our Scandinavian design heritage and explore creativity and the many ways it unfolds. Art, design, gastronomy and music are all things that inspire us, and we invite you to join us for extraordinary experiences within every theme at 3daysofdesign.

Have a sneak peek of our new collection, see the Bolia Design Awards 2023 finalists, meet the jury, experience a live DJ Sofa Session, an art installation unlike anything you've ever seen, inspiring talks about future and sexuality, and explore our new, beautiful location at Holmen - a professional showroom and flagship store combined.
